OPENINGS AND EXPANSIONS

September 26, 2006

By Paul Lapidus

Trane, provider of heating, ventilating and air conditioning systems and services, expanded its office at 4 Wood Hollow Road, Parsippany. Trane added a Building Automation Systems (BAS) demonstration room, direct dial phones, a Trane Tracer Summit wireless BAS, wireless network technology and other improvements. The Tracer Summit BAS manages the renovated office's climate, lighting, energy consumption, scheduling and other controllable features. Richard Halley is the company's district manager.
